

**Y C Fence and Construction** is a Family owned and operated company established in 1972 by Virgil Thompson, and has been run by his sons and daughters as well as himself since the beginning.

And with the love and dedication that comes along with a long time family owned company, as well as the many years of first rate quality work, has given this company a well-known and respected name in the construction business throughout this area for over 42 years.

We are an affiliate of **San Bernardino Fence, Redlands Fence, and Apple Valley Fence**, which are other companies also owned by the Thompson family. And being a sister company of such company's insures a level of quality and professional grade of work that has become the earmark and success.

We have served the Inland Empire, of Southern California and the Western United States, and have dedicated our lives to securing, containing, and beautifying, the properties of these areas for over 42 years. And with our newly expanded Planning and Development Department, we look forward to future projects in these areas.

And it is with the same dedication that we have shown in the past, for nothing but a first class and professional grade level of work, that we make the promise to do a professional level and first class quality job for customers.

We would like to thank our customers for their patriotism in the past, and would like to welcome our new customers and look forward to doing business with you in the future.

Sincerely,

***The Thompson Family***
